

# TRAFFIC **SAFETY** / PARKING / SAFETY PATROL

Too many close calls happen when parents stop in the middle of San Ramon Drive or Gold Coast and allow their children to exit the cars. For the safety of all children, please take extra time to park your car so that your child can exit safely.

**The North and South parking lots are for faculty / staff parking only. The lots will be roped off during drop-off and pick-up hours.**

The safety patrol program is a program conducted by the San Diego Police Department which trains responsible 5<sup>th</sup> grade students in traffic safety issues. As such 5<sup>th</sup> grade students are required to act in accordance with rules and regulations of this program.

- 1. Do not park in the red curb / fire lane areas under any circumstances. If you do, your license plate number will be recorded.**
- 2. Cross the streets only at marked crossings.**
- 3. If a student officer asks you to wait before crossing, please do so.**

**PLEASE BE CONSIDERATE AND RESPECTFUL OF THESE STUDENTS**
